

Save those box-tops

Hines Middle School is saving the General Mills Box tops for Education this year. Your child is encouraged to help us participate in this program so that we can help our school with fundraising. Look for the little box like this one on the side of the boxes.

Every Friday, the homeroom teachers will collect the box-tops from their class and a tally will be done. The top three classes will receive a treat.

Help support Hines by saving those box-tops.
